

Anna Shelley

I am the CFO for Martin Environmental Services in Dothan and have been Treasurer of the CAC Board for over 3 years. I am also co-founder of Timeless Home Market where I get to merge my financial expertise with a passion for vintage home design. My background as a former controller for several local area companies and her MBA in Accounting from Troy University provide a solid foundation to support the arts in the community. Through her business and financial acumen, Anna contributes to creating spaces that intertwine art, design, and hospitality, enriching the local artistic landscape.
